A TIME TO REMEMBER

"There is a time for everything, and a season for every activity under the heavens:
a time to be born and a time to die, a time for war and a time for peace"
(Ecclesiastes 3:1-2&8 NIV).

Dear Friends,

November is a month when we are especially mindful of remembrance. A time when we pause to remember those who have gone before us, those who have served and sacrificed for our country, and those whose lives have touched our own.

But remembrance is not only about the past. It is also about the people we carry in our hearts today: loved ones who have died, friends we miss, and those whose kindness, wisdom and faith have helped shape our lives. In the Christian tradition, remembering is an act of love. Although someone may no longer be physically present with us, their influence continues in the lives they touched and the memories we cherish.

Our church community offers a place where sorrow can be shared, prayers can be spoken, and no one need feel alone. We hold before God all who are grieving, trusting in His love and in the hope of resurrection. This year we will be holding a service in which we will give thanks for those we have loved and lost and to which you are warmly invited. This will take place on Sunday 1 November at 6.00pm at St Mary & All Saints.

Remembrance Sunday, too, gives us an opportunity to reflect on the courage and sacrifice of all who have suffered or died in conflict. We remember the service men and women who never returned home, the families who carried the pain of loss, and all those whose lives have been changed by the tragedy of war. As we gather in silence, lay wreaths and offer our prayers, we honour their memory and renew our commitment to work for peace. There will be the usual act of Remembrance in the Market Square on 8 November followed by wreath laying and refreshments in Church at 1.00pm.

At this time of year, we may also be reminded of the words of Jesus: "Blessed are the peacemakers, for they shall be called children of God." These words challenge us not simply to remember the cost of conflict, but to seek peace in our homes, our communities and our world. Peace begins with small acts of understanding, forgiveness and compassion, offered day by day.

As we remember this month, may we give thanks for those who have gone before us, learn from their lives, and carry forward the best of what they have given us. May we honour the fallen by living with greater kindness, cherish our loved ones while we can, and remain steadfast in prayer for a world where peace may flourish.

And may we pray not only this month, but always, that God would grant comfort to those who mourn, and the hope of Jesus Christ to us all.

With every blessing,

Rev. Wendy

Regular Services
On the first to fourth Sundays in the month, we have a Traditional Communion service at 9.00am. It includes congregational hymns – mainly of the traditional variety – with organ accompaniment.

This service is followed by a family friendly service at 10.30am which has children's activities. There is Communion at this service on the 4th Sunday of each month. After the service we enjoy refreshments and a time for fellowship.

On fifth Sundays there is usually a single service, Family Communion, at 10.30am, followed by a *Bring and Share* lunch.

Butter Cross – Help Needed

Thank you to all those who have volunteered recently. If you could spare half an hour a month (excluding January, May, August and October) to help, please ring Lyn (07504 222721).

Help is needed to deliver house to house for Horsepoole Street, and also Moncaster Close and Morley Crescent in the Romans Quarter, Moor Lane and Newgate Street.

We also need someone with a car to join the team of distributors for bulk delivery to the Tree Estate. Distributors collect boxes of Butter Cross from Lyn Thomas, Newgate Street, and distribute them to those who go door to door. Please ring Lyn (07504 222721) if you can help.

This is a most useful piece of community service, and it does not take a lot of time to deliver to your road or one nearby. There are 9 issues per year. The magazine contains much useful information about all the many and varied activities available in Bingham as well as the various churches and, also, very useful adverts for the local shops and tradespeople – vital for new residents.

THE TRUTH ABOUT COLLAGEN: IS IT REALLY WORTH THE HYPE? PART I (advertorial)

I recall a research trip in LA where we were looking at the latest health trends and products; what was new, and what might be heading to the UK. We stumbled across a new ready-to-drink soda – a beautifully packaged colourful range boasting its unique selling point – "with added oxygen". Oxygen! In a drink! We were pretty convinced that Californians acquired their oxygen the same way as we do in the UK, through their lungs, so why had it been added to a drink? Years later I feel pretty much the same way about collagen. Understanding our physiology and how we absorb collagen leads me to believe collagen supplementation may be a complete waste of money, just like the oxygen added to that LA soda range.

In any pharmacy, health food shop, or via social media we are met with an endless stream of collagen products – powders for our morning coffee, collagen gummies, collagen drinks, and even collagen-infused beauty products. The message is: consume more collagen for youthful skin, stronger joints, healthier hair, and perhaps to slow aging.

Collagen is marketed as the answer to many of the physical changes that accompany aging. Yet the physiology of collagen is a different story. Collagen is vital, but do supplements provide any advantage. In this article, I'll explain why, whether it's bovine, marine, porcine or poultry, having a collagen supplement may be futile.

Collagen is the most abundant protein in our body. It is the primary structural protein and accounts for approximately 30% of our total protein content. It’s made up of a chain of amino acids – primarily glycine, proline, and hydroxyproline – which intertwine to form a rigid, rope-like triple helix structure. It’s the scaffolding that provides strength, structure, and resilience to our skin, tendons, ligaments, cartilage, bones, and blood vessels.

Unfortunately, collagen production declines with age. From our twenties onwards, synthesis of new collagen gradually slows, and existing collagen fibres become damaged by factors such as ultraviolet radiation, smoking, chronic inflammation, poor nutrition, excessive alcohol and elevated blood glucose levels. Skin becomes thinner and less elastic, wrinkles begin to appear, joints become stiffer, and tissue repair becomes slower. This natural decline creates the perfect marketing opportunity. If ageing is associated with collagen loss, surely consuming more collagen should be a benefit. The reality is considerably more complicated.

A common misconception is that the collagen we consume somehow travels directly to our skin, joints, or connective tissues. This is not how human physiology works. Next month we’ll discover what happens when we consume collagen.

If you would like to understand more about achieving your optimal nutrition or would like help achieving your ideal body composition, please reach out to me at Bridgford & Bingham Nutrition.

HOME LIBRARY SERVICE: Are you aware that you can have books delivered to your home?

For many people who are housebound, due to age, disability, or circumstance, reading or listening to a recording is an important stimulation, as the opportunity for social contact. A group of volunteer Community Makers deliver books supplied by Inspire Nottinghamshire Library Service, on a fortnightly basis every other Tuesday to residents, who for many of the reasons above are not able to visit the library in Bingham.

If you would like to make use of the service or know of someone who would like to do so, please contact the library (837 905).

CHECK US OUT ON FACEBOOK – Inspire Bingham Library now has its own page!

Bingham Model Railway Club
Bingham Model Railway Club is a long-established club aimed at all those interested in the design, building and operation of model railways.

Tuesday mornings and Thursday evenings are the main club meeting times and members often bring their own bits and pieces to work on. Some get involved with the new club layouts, and others come for a cup of tea and a chat. There is a good atmosphere, a great sense of togetherness and two large layouts to test and run-in locomotives.

We have members interested in all gauges although the club tends to concentrate on the more familiar gauges of 00 and N. We are currently working on several new layouts with members heavily involved in the construction of the layout, scenic items, and electrics.

Our current club room is located at Cotgrave Welfare Scheme Centre, Cotgrave, and new members are always welcome at the clubroom and if you are a complete novice to either railways or modelling, there will always be someone who can help you out.

Our web site is www.bingham-model-rail.co.uk where you can find contact details and a wealth of photographs of layouts we are involved with.

NSPCC, Bingham Branch
We need to begin by giving a huge thankyou to Bingham Yarn Bombers for organising the Pokemon Hunt for us. The amount raised was £192.50 which was fantastic. Thankyou too must go to CP Interiors for collecting the money and distributing the entry sheets, to Dizzyware for providing a prize and to all the shops and businesses who displayed the clues.

Our Sunday lunch in September raised £245 which was wonderful and thanks must go to those who supported us.

The October Quiz is about to take place, and we will let you know how successful that is.

PLEASE NOTE there is a change of venue for our coffee morning on November 5th. It will be held at Long Acre Arts, 26 Long Acre, Bingham, from 10.00am – 12.00noon. Only £3 for coffee and mince pie. Christmas cards, jewellery, cakes and preserves will be on sale.

Please support us if you can. We are only a small group and welcome offers of help and new ideas. Please contact Gill (01949 838673).
